## Chapter 1: The Origin of Vicktor Vortex

The year 2001

La California

Science Building

Random guy: Dr. Vortex, are you sure this is gonna work?

Vicktor: Yes, I promise. I've been working on this for years. What could go wrong?

Random Guy: It's just the energy is high, it might cause a fire

Vicktor: Look, I know what I'm doing. Please step aside and let me do my job. I want the government to see this.

Random Guy: Ok...

Vicktor: Everyone, can I please get all your attention, I have something to show you all. (Everyone is looking) Ok, I want to thank you guys for this and for having me in the company, this means a lot to me. I wanna present to you guys my big project. (The Energy Power) This is my Energy Power cable, and it's an energy that can last forever without having to deal with paying the power bill. Whenever there's a storm, it won't go off and this energy is so powerful, but try not to mess with it.

Dr. Mindy: Wow, Dr Vortex, what amazing work you did. Are you sure that this thing will work?

Vicktor: Why would you say that?

Dr. Mindy: Well, how would you know this thing won't cause a fire and expectedly destroy the building?

Vicktor: Just so you know, Dr. Mindy, this energy won't do that. I tested the energy out to make sure that wouldn't happen, and it didn't, so I don't know why everyone is so worried about it. I promise this will work, I will turn it on right now.

(Turning on the energy)

(powering on)

Vicktor: See what I say, it works.

Dr. Mindy: Hmm, not really.

(smoke)

Vicktor: what the hell is that smell? (looks behind) (Fire) Oh no.

Dr. Mindy: hahahaha.

Vicktor: everyone get out of here.

(everyone is screaming)

(everyone is outside)

Vicktor: what... wait... huh...HOW.

Dr. Mindy: I told you, Vicktor, this would happen hehe

Vicktor: Wait, you had something to do with this, what did you do, Mindy?

Dr. Mindy: Oh, I may have put oil, gasoline, and other stuff while you were off for a month.

Vicktor: I can't believe you, the whole building has burned to the ground.

Cop: What happened over here?

Dr. Mindy: Well, officer, you should know that Dr. Vicktor Vortex burned the building down, causing a fire with his machine that destroyed everything inside.

Vicktor: that's not what happened, I mean the fire did yes, but she did something to it to cause it.

Cop: But was it your tech?

Vicktor: Yes!

Cop: So that means you weren't responsible to fix, so you are now under arrest.

Vicktor: Wait, no, don't do this, sir. It wasn't my fault. My machine was fine. I swear I tested it a month ago.

Cop: Well, there's a good reason, now put your hands behind your back, you have the right to remain silent, you have the right to an attorney if you can't afford an attorney, one will be appointed for you. Anything you say can be used against you in a court of law.

Vicktor: I can't believe this.

1 week later

## The Court House

Judge: Everyone Silent, ok, so today in the courthouse we have Dr. Vicktor Vortex and Dr. Lisa Mindy after the California Science Lab Center was on fire. Now let's get on with this, let us start with Dr. Vortex, please stand. (standing up) Now, Dr. Vortex, what happened with the machine you made?

Vicktor: Ok well I will say I have no idea what happened to it, it was just Dr. Mindy was the one who was messing with it she even told me what she did when I was gone for a month she told me she put gasoline oil other bad stuff she put in it, it was meant for an energy power machine to let have all the power to stay on and that would mean no one won't have to pay the power bill or worried about having power out when there's a storm, like your honor I would know if something is up I made sure every day if it's going to work and it did work the first time the second time it didn't that's because of her.

Dr. Mindy: Your Honor, can I say something

Judge: you may.

Dr. Mindy: I promise you I didn't make this mistake, I have proof, a video of him

Vicktor: No, you're lying, you told me everything

Judge: Dr. Vortex Silent. Let me see it.

(hands over the video)

(plays video)

(Vicktor: yes it's finally complete I can't wait to use it to destroy this place and kill Dr. Mindy.)

(video off)

Dr. Mindy: Well, your honor, what do you think?

Vicktor: Wait, what? That's not right; I never said anything about that.

Judge: I heard enough of this. I declare Dr. Vicktor Vortex guilty of causing and lying, and also a crime. I sentence you to 10 years.

(SHOCK)

(Vicktor looking at Dr. Mindy)

Dr. Mindy: hehe bye loser

In a prison cell

Vicktor: How dare she. She was the one, just wait til when I'm out of here, I will get my revenge.

## Chapter 2: Nick gets his powers

(narrating) Hey, everyone. My name is Nick Carter, and I live in California. I'm about to start high school, my whole life as a kid, I grew up watching superheroes and saving the Day all the time, my favorite superhero is Apex, he's the greatest. He brings me joy, and my mom loves seeing me happy. I don't have siblings at all. I am the only child in the family, well, I don't count my dad in the family because he's drunk and always abusive to me and my mom. Hence, I kinda live in a sad life. I always wanna become a superhero someday, that way I could save people, and help them, just like Apex I heard back in 1998 after the Cold War with this blue-looking Alien I was scared we were going to die but then Apex showed up, and everyone, well here's the story.

Present day 2011

Nick's house

Nick: Hey Mom, what's for dinner?

Nick's Mom: I'm making meatloaf dear.

(Nick's dad slams the door)

Nick's Mom: oh no. Hey, honey, you're home early.

Nick's Dad: What the hell are you doing woman?

Nick: oh crap he's home he better do anything to Mom I'm just gonna check

(walking down the stairs)

(yelling)

Nick: DAD back off from Mom (punched his Dad in the face) I don't get why you do this all the time, you are always drunk, beating me and Mom, this isn't right, you better leave now before I call the cops and finally have you arrested.

Nick's Dad: oh you think you're a tough guy huh? Over here protecting your selfish Mother

Nick: Don't call her that, all she has ever done for you is love, Dad, I love you, but you'll never realize that

Nick's Dad: Ok, I'll leave. You'll never have to see this face again. Have a nice life.

Nick's Mom: I'll get divorce papers (starts crying)

Nick: Mom Mom it's going to be ok

Nick's Mom: I love you, Nick

Nick: I love you, Mom, ok, I need to get to bed, I have a field trip tomorrow, good night

Nick's Mom: Good night honey.

Dr. Vicktor Vortex House

Vicktor: 10 years... 10 years... 10 years since I got fired. I will get my revenge on Mindy, she ruined my life. I promise you, Mindy, you've done this time, my project will work without any malfunction. I will kill you after.

Next day

Nick: Hey Mom, I'm heading out, love you.

Nick's Mom: Ok love you too be careful.

(calls Greg)

Greg: Hey what's up Nick?

Nick: Hey man, are you on your way to school right now?

Greg: Yes, I'm like 10 minutes away.

Nick: Alright I'm on my way.

(15 minutes later)

Greg: Hey Nick, you're finally here.

Nick: Yeah, it was a lot of traffic.

Greg: So are you ready for this field trip?

Nick: Yeah, I guess I am but... I also wanna try to talk to um Jennie, but she's always off talking to her friends and it's like I don't exist.

Greg: Well, hey, she's right there, so maybe just to get her attention, say hey Jennie, how you doing type thing go on.

(walks up to Jennie)

(Bell rings)

Nick: Damn it...

Greg: We can get her later.

(The Principal walks up)

Greg: I swear he's freaking scary.

Nick: Yeah, I know.

Vicktor: I need to disguise myself so I need to have someone watch over the school for a while.

2 hours later

At the Science place

Nick: Wow, here we are, this dump.

Greg: Hey, why does that look like our principal?

Nick: Huh, that does look like our Principal, wonder why he's here?

Greg: Hey Bro, she's right there, go talk to her

Nick: Ok, I'll try...

(walks up to Jennie)

Nick: Um... Hi Jennie.

Jennie: Oh hi Nick

Nick: How are you doing?

Jennie: Oh I'm doing pretty good and this place is a dump.

Nick: I thought the same thing, Science ain't my thing.

Jennie: Oh yeah, so how are you?

Nick: I'm doing good myself

Jennie: That's good anyway, I need to find my friend, bye.

Nick: Wait. I was thinking maybe we can hang out sometime and get to know each other.

Jennie: Oh yeah, we can I'll give you my number.

(writes the number down)

Jennie: Well here you go Nick see ya.

Nick: Bye Jennie.

Greg: Well..?

Nick: I got her number.

Greg: YESS alright let's go.

(walks inside)

Nick: Holy crap look at all of this.

Vicktor: Ok, I can't let anyone see me. I'm going in.

(walks in)

Nick: where is he going? Hey Greg, I'll be back.

Greg: Ok.

(Nick walks inside the lab)

Nick: Oh wow look at these. But where is Principal Vortex?

(sees the electricity)

Nick: That electricity looks so cool

Vicktor: Where is it, come on

(Nick lays his hand on it)

Vicktor: Yes, I found it now, I need to get out of here

(shocks Nick)

Nick: Ah

(passed out)

Random Woman: What was that? (runs into the lab) Oh no, someone calls  
911.

3 hours later  
The Hospital

(beep beep beep)

(Nick is waking up)

Nick: Oh my head. Wait, why am I in the hospital? I need to get up and go to the bathroom (Zoom) What the? That was fast, how? (Zoom) No way (Zoom around the room) I have superspeed powers.

### Chapter 3 Nick Becomes SpeedKid

The Next Day

The Schools Basement

Vicktor: Yes, I finally got what I need, now all I need to do is put this on the machine and this time it's going to work

(over rating)

Victor: What's happening? I need to shut this down.

(Explose) (Shocks Vicktor)

Vicktor: Oh god (passed out)

At Nicks house

(calls Greg)

Greg: Yo Nick, what happened, are you ok?

Nick: Come to my house, I gotta show you something.

Greg: On my way.

20 minutes later

Greg: What happened Nick?

Nick: I was in the hospital.

Greg: But how the scientists were saying you got shocked by electricity

Nick: Yeah, that's what happened when I woke up in the hospital, I felt some energy and when I was going to the bathroom I went fast like running.

Greg: No way do it right in the room.

(running around the room)

Greg: Woahh

Nick: This is something I've always wanted to have superpowers and become a hero, dude, you know what this means. I can finally be the first hero with power.s

Greg: Well, you know Agent Isaac is the first hero

Nick: Yeah, that's true, I need a costume, a hero name.

Greg: Let us think of something we can do.

(montage costume ideas)

(Montage name ideas)

Nick: So what do you think?

Greg: You look so cool

Nick: Now let's go see if there's any crime happening, but first I need to put on some clothes. Hey Mom, we're heading out for a bit.

Nick's Mom: Ok Nick don't stay out too late.

Nick: Ok Mom love you

Nick's Mom: Love you too

In the La city

SpeedKid: So I guess we wait til something happens.

(explosives)

Greg: that's your part now, good luck Nick.

Robber: I need to get the hell out of here

SpeedKid: Hey man, where are you going with that money?

Robber: hahaha what is this, you're just a kid, get lost

(robber drives off)

SpeedKid: Ok we can race.

(SpeedKid catches the robber)

Robber: Dumb kid

SpeedKid: You didn't think I would catch up with you

Robber: What the hell, you have powers? I thought Superheroes were illegal.

SpeedKid: it won't be after this (knocks out the robber)

(everyone clapping)

Random guy: You just stopped a robber, what a hero

SpeedKid: Well, thank you everyone

Random guy: Who are you?

SpeedKid: My name is.... SpeedKid

2 hours later

Vicktor: A new hero, huh, SpeedKid, what a stupid name, but wait, he looks familiar. Probably nobody. Now since I have these powers I'm going to get my revenge. But first, I need money. I don't get paid that much from my principal job, so I will rob a bank. I gotta make sure that SpeedKid hero doesn't know.

1 week later  
LA City

SpeedKid: Another day has been saved, Greg

Greg: I can't believe I'm friends with a hero, it's crazy.

SpeedKid: I can't believe this is a dream come true. I hope someday I get to see my hero Apex.

Electric Surge: I'm ready.

(Breaks down the door)

Greg: What the hell was that?

SpeedKid: I don't know. I'm going to check that out.

(SpeedKid Runs to the bank)

(Electric Surge walks in the bank)

Electric Surge: Hey, you opened up the locker, or else everyone here would get hurt.

(opens up the locker) (grabs the money)

Electric Surge: Perfect.

SpeedKid: is that electricity? Wait...

(he walks out with the money)

SpeedKid: No way.

Electric Surge: You must be SpeedKid.

SpeedKid: Yeah, who are you?

Electric Surge: I... am... Electric Surge. You better stay out of my way, kid,  
don't make me try to hurt you.

SpeedKid: You are not going anywhere with all that money.

(runs towards him)

(Electric SpeedKid)

SpeedKid: AH

Electric Surge: I guess I'm going to hurt you, feel the pain, SpeedKid

SpeedKid: AHH (grunts)

(throws SpeedKid at the wall)

SpeedKid: Damn that hurt.

Electric Surge: I told you, Kid, I'm out of here.

Greg: No Nick

(runs to get Nick)

Greg: Nick, dude, are you ok?

SpeedKid: Yeah, I'm good.

Greg: Who was that guy?

SpeedKid: He said his name is Electric Surge. He was robbing this bank,  
and who knows what he's going to do next?

(Breaking News)

News Man: Breaking news, ladies and gentlemen, Welcome back to LA News, just 2 hours ago, there was a robbery, a guy was wearing a black and green costume, his face half covered, and we saw electricity coming out from the bank, and then SpeedKid came to stop him, but then he knocked SpeedKid out, we will see what happens next.

## Chapter 4

Nick finds out who Electric Surge is and what his plan is

The Next day

At school

Nick: We need to figure out who this guy is yesterday was just crazy.

Greg: Who knows what he's gonna do next?

At the principal office

Vicktor: Why do I feel like I've seen this kid before? It doesn't matter, I got rid of that kid from yesterday. Hey Patty, can you watch the office for a bit, I gotta do something.

Patty: Will do sir.

Greg: Have you noticed about the principal lately, he's been acting weird.

Nick: How weird?

Greg: Well, he runs off every single time having people watch over his office.

(Sees Vicktor walking)

Nick: He's coming

(Vicktor looks at Nick)

Vicktor:(Wait that face, it's him, he's the SpeedKid, I knew it, I should keep on walking before they notice)

Greg: Nick, I think you should see what he's doing and figure out where he's always going.

Nick: What? Why?

Greg: We need to know what is up with him.

Nick: Well, he did look at me weird. You know what, yeah, I will I'll check to see what he's doing I'll meet you in class.

Greg: Be careful.

(Nick Follows Vicktor to the basement)

Jennie: Oh hey Nick.

Nick: Jennie, hey what's up?

Jennie: Hey, I was just thinking that maybe we can hang out this weekend, go to the movies or something.

Nick: Yeah, that would be great, I'd love to, what day and time?

Jennie: Saturday 3 pm.

Nick: Ok I'll see you later Jennie.

Jennie: Alright Bye.

(Jennie walks back to her friends)

Nick: Where did he go?

(Nick tries to find Viktor in the basement)

Nick: I saw him walking down there.

(Nick sees all of Viktor Vortex's lab stuff)

Nick: What the hell is all of this stuff? Wait, I recognize this machine. Is he making something down here?

Viktor: I knew you were gonna follow me, Nick Carter or should I say SpeedKid.

Nick: Wait what?

Viktor: Oh yes, I know something about you. You're the kid who went inside the lab and found something interesting, got shocked, and gained super-speed powers. You're the kid I threw yesterday.

Nick: What are you talking about? You mean you're that supervillain Electric Surge?

Viktor: Yes.

Nick: So you are the one that robbed that bank yesterday? What's all this stuff in here?

Vicktor: I knew you were gonna find out about all of this someday

Nick: What are you doing here, making whatever this is

Vicktor: I'm making another energy machine to have full power on, but instead of that, it's something else I'm doing.

Nick: Wait, I've heard of this, you're the guy that destroyed the science lab 10 years ago, you made something like this but it didn't turn out the way it did so it burned everything down and it was your fault, you are Dr. Vicktor Vortex.

Vicktor: Yes I am.

Nick: What happened over 10 years ago?

Vicktor: Well, 10 years ago I was a brilliant man who had good ideas, I made this machine because I thought it was a good idea to do, I wanted to make an energy power machine where the power can stay on forever whenever it rains or anything it can stay on and even you don't have to pay the power bill that's what I wanted to do until one of my partners betrayed me and screwed up the machine while I was gone on vacation for a month, her name is Lisa Mindy one of the worst Doctors out there shes the one that messed up my machine she knew something was up and she had something to do with it and I seen her face and then I tested it, but then I smelled smoke coming out from it, and I knew she did something but then I got the blame from that mistake and I got arrested, and then I went to court I was found guilty for no reason, she made a video of me saying I can't wait to burned this down and kill her she ruined my life 10 years later here I am today.

Nick: That's terrible but wait what do you mean you're making something else instead?

Vicktor: I'm getting my revenge, I'm going to kill her and destroy everything and the people that work over

Nick: I'm not gonna let you do that Dr. Vortex.

Vicktor: You better stay the hell out of my way, Nick, I gotta do what I have to do, so get out of my lab

(shocks Nick)

Nick: AHH

(Nick speeds out of the lab)

Nick: Oh my god, Dr. Vortex is Electric Surge. This is not good at all. I know he is not going to get away from this.

## Chapter 5

### The building on fire

Friday 2:50 pm

A building on fire

(fire siren)

(everyone screaming)

Fireman: Come on everyone, let's go

(Crashes down on the people inside)

Random lady: Where is SpeedKid?

SpeedKid: I'm coming, everyone. Is anyone still in there?

Random lady: We heard they're stuck in there

SpeedKid: Ok, you guys don't come near here, I'll get these people out

(walks inside the fire)

SpeedKid: Anyone in here, this is SpeedKid. I'm here to help.

Random guy: We're in here SpeedKid, help us, please

SpeedKid: I'm coming

(after getting everyone out)

SpeedKid: Alright, I'm gonna go back in to make sure no one else is in there

(SpeedKid runs back in)

SpeedKid: If there's one more person in here, say something right now

The Flamer: Yes I'm up here SpeedKid

SpeedKid: Alright hold on tight

(SpeedKid runs up the stairs)

SpeedKid: Hey man, I'm here, you're gonna be ok

(Fire flames at SpeedKid)

SpeedKid: What the hell...

The Flamer: Hello SpeedKid I've been waiting for you

SpeedKid: You caused this fire?

The Flamer: Yes I did. Now it's time to die.

(Shoots fire at SpeedKid)

(SpeedKid runs around the Flamer)

The Flamer: Stay still kid.

SpeedKid: Not gonna happen.

(SpeedKid punching him around)

(Throws him out the window)

The Flamer: Woahhhhh.

SpeedKid: Take that whoever you are?

The Flamer: My name is the Flamer, and I will see you soon, SpeedKid

SpeedKid: Well I'm out of here

Random guy: Thank you SpeedKid

Nick's Mom: Nick, are you hungry? Nick? Huh, he didn't tell me he was going somewhere.

(Nick opens the window)

Nick: MOM!

Nick's Mom: Nick, what are you wearing?

Nick: Mom, I can explain.

Nick's Mom: I knew something was up for the last week. You've been going out a lot, and what? You're fighting crime. You're too young and the doctor said they were gonna get rid of the power you have

Nick: Wait Mom there's a reason I got these powers. Because this is something I've always wanted as a kid you know Apex has always been my favorite for years and I have been saving a lot of people for the last 2 weeks and just earlier I saved a lot of people from a fire and I'm ok but there's one problem with a supervillain I found out it's my principal Dr. Vortex, he's the guy that burned down the lab over 10 years ago he's doing it again but this time by killing someone so I need to stop him from doing that.

Nick's Mom: Look baby, I know you always wanted to be a hero for years since you were young and I am so proud of you for saving people's lives and it's ok you go do what you need to do. Go stop him.

Nick: Thank you, Mom. Oh yeah, that's right Jennie she wants me to go to the movies with her are you ok with that?

Nick's Mom: Of course Nick

(Nick goes to his room)

Nick: Hey, Greg we need to think of a plan.

The Final Chapter 6  
SpeedKid Vs Electric Surge

At the La Lab

Dr. Mindy: Oh look who it is on the news.

Random guy: Who is that?

Dr. Mindy: It's Vicktor Vortex I got him fired 10 years ago and now he's a supervillain.

Random Guy: Damn that's crazy

(Electric Surge breaks down the door)

Electric Surge: Dr. Mindy, it is so nice to see you again after 10 years

Dr. Mindy: Everyone, get out of the building.

Electric Surge: No one is not going anywhere

(shuts the door) (closes the windows) (Grabs Dr. Mindy)

Electric Surge: You took everything from me, Dr. Mindy, you messed up my machine and ruined my life. Now I can do you a favor and everyone else in this building. I'm going to kill you all.

Dr. Mindy: Look Vicktor were sorry about what we did to you I mean it

Electric Surge: It's too late to be sorry, but I'm going to tie you guys up and get ready for the pain with my new machine.

Nick's House

Nick: Mom let's go

Nick: Huh, Greg is calling (answers) Hey Greg what's up?

Greg: Nick, we have a problem.

Nick: What's going on?

Greg: It's Dr. Vortex Electric Surge he's doing it

Nick: Oh no where is he at?

Greg: At the one lab we went to a few weeks ago

Nick: Oh yeah that's right I'm on my way

Greg: Be careful Nick, he seems very powerful

Nick: Don't worry. I'll be okay.

At the lab

Electric Surge: It's almost done just 10 more minutes then you die.

(Police siren)

Electric Surge: I hear the police outside

Cop: Electric Surge come out here with your hands up

(SpeedKid runs)

SpeedKid: I need to find that turn-off button to this damn thing.

Dr. Mindy: Hurry up try to find out how to turn it off.

SpeedKid: I'm trying

(Electric Surge knocked out SpeedKid)

SpeedKid: Aw damn that hurt wait I got a good idea I'm gonna save these people and destroy the machine yeah.

(SpeedKid Saves all the people in the building)

SpeedKid: AHH

(SpeedKid beats up Electric Surge)

(SpeedKid kicks him at the wall)

SpeedKid: Enough of this.

Electric Surge: Man you got me

SpeedKid: You know, you were this close to killing everyone around the whole city. Why are you doing this?

Electric Surge: To get my revenge people doubted me for years and I was finally gonna show it to the people until she messed with my machine.

Cop: Well we found out she did so you were telling the truth, ma'am, you are under arrest, and you are going to for almost killing everyone around the city.

SpeedKid: Well at least you got something you want but it's still not right to do that it's nice knowing you, sir.
